State Finances—Records of the Democrats and Republicans Contrasted.

Remarks of Hon. Creed Haymond, delivered before the Young Men's Central Democratic Club, Sacramento, July 27th, 1871.

Mr. President and Gentlemen of the Club: It affords me pleasure to respond to your most generous call—a pleasure that is intensified by the auspicious surroundings of the hour. When this Club was first organized, two years since, the bravest heart dared not hope for victory. Turn as we might, in search of one ray of light, we were ever met full in the face by the fact that scarce a year had elapsed since our county had registered a majority of nearly one thousand votes in favor of the Radical candidate for President. But that Providence which has ever watched over and guarded us as a people gave to many—who, misled by false teachings, had strayed from the straight way into the camp of enemies and aliens to the pure faith of American citizenship—not only the light to see our path but the courage to tread it, and a victory as unexpected as it was decisive crowned the efforts of the Democratic party.

To-day the sky is filled with omens portending not only a victory in Sacramento county and the election of the Democratic State ticket, but also a return on the part of the whole American people to the great leading principles which underlie the foundation of our Government, which have blessed us with peace and prosperity in the past, and an adherence to which will alone preserve those blessings in the future. But it is not my purpose to-night to go at length into a discussion of the issues of the day or of the platforms laid down by the two great political parties now struggling for supremacy. Neither the time nor the place demands or permits such a discussion. I will confine the few remarks I may submit to you to

A REFUTATION

Of a "production" which appeared in the Sacramento *Union* of this morning, a "production" entitled "The Remarks of Hon. T. G. Phelps, at Oakland, July 25th, 1871"—a production which, for the wild flights of fancy indulged in, deserves to take rank with the Arabian Nights Entertainments and the tales of the Baron Munchausen, and which found a fitting place of publication in a paper which gave to the world the veritable history of "The Summerfield Tragedy," a "production" which would not be entitled to notice, did it not bear the indorsement of one who has held high trusts in the councils of State, and who now fills the highest place within this State in the gift of the Federal Government.

SAYS THE RADICAL COLLECTOR

Of the Port of San Francisco: "The contingent expenses of the last Legislature aggregated $144,426 66. What an army of useless employes there must have been. Under Low it was $38,150. This in itself was an extravagant amount. The necessities were the same; there were the same number of days. For Printing, Haight's administration has paid $10,000 more than the previous one."

"Now mark how plain a tale shall put *him* down!" He asserts that the contingent expenses of the Legislature under Low's Administration were but $38,150. The statutes of 1865-6 show them to have been $50,000. He asserts that the contingent expenses of the last Legislature were more than $144,000. The statutes of 1869-70 show them to have been only $83,000. Ten thousand dollars of that amount was for the salary and expenses of a Committee appointed by the Radical Senate of 1867-8 to investigate the

FRAUDS IN THE OFFICE OF THE RADICAL ADJUTANT GENERAL.

Nearly $10,000 more was expended in the contested election case of Murphy vs. Pacheco, and $10,000 more paid for furniture, mattings and curtains which it was necessary to purchase—the Legislature for the first time occupying the new Capitol. Thus were the actual expenses reduced to about the same amount expended by the "Low" Legislature. To one not conversant with the fact that these extraordinary expenses had been incurred it would seem that the expenses had been increased from $50,000 to $83,000, and a statement to that effect might have been made in good faith, and might have been considered a pardonable mistake. No excuse can be offered for

A DELIBERATE OVER-STATEMENT

Of more than $61,000, unless the desperate straits to which the Radical party are reduced, in this, their dying struggle, constitute such an excuse. This high Radical official next says:

"I find that the salary of the Governor is $14,000, as appropriated. He was allowed $1,200 for porter, $5,000 for secret service—out of which he built the monument—and other appropriations amounting to $38,600. Some of these were proper, but all these personal allowances have not been necessary. All these contingent expenses are not reasonable elements. This administration has been extravagant in the extreme, the most extravagant of all."

Now by this statement

MR. PHELPS EVIDENTLY INTENDED

To have it understood that the "annual" salary of the Governor was $14,000; that he "annually" received $1,200 for a porter and $5,000 for secret service, and other annual appropriations amounting to $38,600. While his statement will admit of another construction, and while he leaves a loophole for escape, if such a charge should be made, yet that it was intended to deceive and to leave the inference that these amounts were annually expended cannot be doubted. But placing the most favorable construction upon it that is possible,

THE STATEMENT IS AS FALSE

As the preceding one in relation to legislative expenditures.

Turning to the statutes of 1869-70, page 733, we find the expenditures of the Governor's office for the two fiscal years fixed as follows:

Salary of Governor for two years	$14,000
Salary of Porter for two years	1,200
Salary of Private Secretary for two years	4,800
Salary of Executive Clerk for two years	3,600
Contingent Fund for two years	5,000
Reward Fund for two years	5,000
For arresting criminals for two years	2,000
For postage and telegraphing for two years	1,000
Total	$36,600

Here we have the total expenditures of the Governor's office for *two* years fixed at $36,600, instead of $58,800 for one year, as the honest Collector would have the people believe.

NOW FOR A COMPARISON

With Low's administration. We turn to the statutes of 1865-6, page 675, and find the expenditures of the Governor's office for two fiscal years fixed as follows:

Salary of Governor	$14,000
Salary of Porter	600
Salary of Executive Clerk	3,600
Salary of Private Secretary	4,800
Contingent Fund	10,000
Reward Fund	5,000
For arresting criminals	2,000
For postage, telegraphing, etc	1,000
Total	$42,000

Making a difference of $5,400 in favor of the Democratic Administration.

Next, not because of its importance, but for fear it may be thought that there is a single grain of truth in this immense pile of "chaff," I take up the concluding assertion in the paragraph last quoted, viz: That

"FOR PRINTING,

Haight's administration has paid $10,000 more than the previous one." Turning once more to the statutes, we will find that the appropriations for printing done during the Low administration amounted to *one hundred and ninety-five thousand dollars*, (Statutes 1863-4, p. 414; 1865-6, pp. 198, 687; 1867-8, p. 118,) whilst the appropriations for the full term of Governor Haight amount to *one hundred and ninety thousand dollars*—five thousand dollars less than the appropriations for printing during Low's term. And this, notwithstanding the fact that all the work of the Commission for the Revision of the Laws is being printed by the State Printer, as well as all the printing for the public schools.

And now comes our distinguished Radical and speaks as follows:

THE STATE PRISON.

"He promised (meaning Haight) that the State Prison should pay a revenue. Under Low there was an appropriation of $100,000, but it was self-sustaining within $30,000, on account of improvements. The last Legislature appropriated $150,000, and I am informed there will be a deficit of $190,000. Under Haight it has cost $120,000 more than under Low."

I again turn to the record for facts. In the statutes of 1865-6, p. 679, we will find that for the eighteenth and nineteenth fiscal years—the last two of Low's administration—there was appropriated for the expenses of the State Prison, $100,000—the whole of which, and $60,000 more, was expended; the latter sum, the Legislature of 1867-8 was compelled to appropriate to pay expenses incurred during the last two years of Low's administration, in excess of the $100,000 appropriation. This shows the expenses of the prison for those years to have been $160,000. During the twentieth and twenty-first fiscal years—the two first of Governor Haight's administration—the expenses of the prison were $158,410. For the twenty-second and twenty-third fiscal years the appropriation is $150,000, and although the number of prisoners is constantly increasing, the administration has, by the use of the strictest economy, and by the best management, kept the expenses within the appropriation, and we have every assurance that there will be no deficit; and that the profits from prison labor are largely in excess of previous years; and this, too, when it is an *actual fact that the games of faro and monte which were kept and dealt by convicts in the prison during Low's administration have been suppressed.* (See *Bulletin* of 1867.)

INSANE ASYLUM.

The next charge made is that "the Insane Asylum has cost $60,000 more than under Low." It is true that the expenses of the Insane Asylum for the first two years of Gov. Haight's administration were in excess of the expenses for the last two years of Gov. Low's. But the "Collector" forgets (!) to tell the people that the Insane Asylum for the last two as well as the first two years was under the control of the Radical party—the same Board of Trustees and the same Superintendent managing its affairs and controlling its operations.

I have followed the gentleman in his statement, and shown that he has falsified the facts—that the aphorism that "figures do not lie" does not apply to "Collectors" who make figures.

ONE MORE ALLUSION,

And I leave the Collector to himself and to the people he has attempted to deceive. Speaking of Gov. Haight, he says: "A day or two ago he told us that it was all important to keep our schools free from sect, yet he signed a bill virtually giving to a Catholic school a portion of the School Fund." A sufficient answer to this is the fact that no such bill was ever passed or signed; that during Governor Haight's administration not one dollar of the School Fund has been diverted from its purpose; that, on the contrary, to his administration is due that crowning glory of our common school system, "The University of the State of California," within the walls of which the child of the poorest man in all the land may find an education, such as the proudest and oldest colleges in the land alone could give before its foundation—and may find that education without money and without price.

WHEN THE DEMOCRATIC PARTY SURRENDERED THE STATE GOVERNMENT

To the Republican party the debt was but little over three millions of dollars, and the rate of taxation was but sixty-two cents upon the hundred dollars. *Both the debt and the rate of taxation steadily increased* under Radical rule, until the former amounted to more than five millions of dollars, and the latter to one dollar and thirteen cents upon the hundred dollars. What became of the money raised under the increased rate of taxation is a problem that may not be solved until the Radical office-holders of those years stand in the presence of the only tribunal—the Court of Heaven—that has power to call their consciences to account. "But," say their speakers, "we expended the amount in the prosecution of the war." Here again the record answers their speech; it shows that, to meet the extraordinary expenses incurred by reason of the existence of a war, bonds were issued, and that those bonds are being paid by a Democratic administration since its accession to power.

THE DEMOCRATIC PARTY HAS REDUCED THE DEBT

Nearly $2,000,000, and the rate of taxation to 86½ cents, and in the meantime has expended nearly $1,000,000 in the erection of public buildings. If this is "extravagance" then let us have more of it. Elect the Democratic ticket and at the end of four years more "Democratic extravagance" will have completed all the public buildings, extinguished the debt, and reduced taxation to fifty cents on the $100. Well may the Democratic party be

PROUD OF ITS RECORD,

For that record speaks of pledges redeemed as well as of pledges made; of a State Government administered for the common weal; of a set of State officers, each one of whom has in person faithfully and honestly discharged the trust reposed in him. With such a record the result cannot be doubtful. With firm and steady tread the battalions of the party are marching on to the contest, and if there is virtue left in the people, or hope for our country, the 6th of September will find the battle flag of the party "full high advanced" with the story of glorious victory emblazoned on its folds.

Views of Gov. Hoffman and General McClellan.

The Tammany Society of New York had a grand celebration on the Fourth of July, in honor of the national anniversary. Letters were received from Gen. McClellan and Gov. Hoffman giving their views in brief of the duty of the Democracy at the present time, from which we extract. Gov. Hoffman very forcibly remarks:

"It is my belief that if at the outbreak of our great civil war, we had been living for any length of time under a strongly centralized government, and had had that, with a great show of strength as our only reliance, we should have failed to preserve the Union. The acceptance or non-acceptance of certain amendments which have recently been made a part of the Constitution of the United States is not a practical question. The civil status of the colored man is established, and he is in actual possession of the right of suffrage. The task before us is to save the Constitution, as a whole. To save it as it is requires our best efforts.

The great political question now before us is whether, in the future, we are to be the subjects of what is commonly called a strong government, or shall continue to be, as heretofore, a strong people. All political power pertains, of a right, to the people; whatever is conferred on government is so much taken from them. What many men call a strong government (meaning one of extended, unlimited powers) necessarily implies a weakened people. The two, "a strong government" and a strong people, cannot exist together. This question of whether we shall make the government strong, or keep the people strong, is one that always underlies our party divisions, but is at times presented more boldly and distinctly than at others. It was plainly presented at the revolution of 1776. The advocates of a strong government lost. It was again sharply presented in the contest which brought Mr. Jefferson into the Presidency, when also the advocates of a strong government were put down. It is again as sharply presented to us to-day; and whatever questions of lesser and more temporary importance may have divided the American people on other occasions, it is their duty now to consider, above all things, whether the absorbtion of all power into the central government, which is going on at a fearful rate, is consistent with the permanent welfare of the people, or even with the permanent strength and endurance of the government itself."

Gen. McClellan lays down his views to the Tammany people as follows, and thinks it the true ground for the Democratic party to occupy in the coming campaign:

The issues that have so long agitated the country are irrevocably settled, and we shall not be called upon to contend for a corpse.

Let us leave behind us the dead issues of the past, and look only to the present and the future.

Slavery is dead—dead let it remain forever, and let no one ever disturb its grave.

The negro has the right to vote—let him keep it; but strive to educate him to fitness for the higher privilege conferred upon him. Show him who his real friends are, and we will eventually turn in our favor the weapon so carefully forged for our destruction.

As to finances, rather than indulge in abstract discussions as to the meaning of this or that obligation, let us advocate, and when in power, pursue such a policy as will make the paper dollar as good as the gold dollar, so that the question will practically settle itself.

To secure this result it must be clearly understood throughout the world that every dollar of the principal and interest of the national debt will be fully paid when due; the expenditures of the general government must be confined to the sums requisite to meet the interest upon the debt, and the expenses necessary to maintain the efficiency and dignity of the government; the sums drawn from this generation by the tariff and internal taxation should be limited to the purposes just mentioned, and the effort to reduce prematurely the principal of the debt at the expense of the nation should be abandoned.

We have borne the burden of the recent war, and should be called upon to do no more than to meet the full interest upon the debt; another generation, more wealthy and numerous than this, can readily take care of the principal.

The issues of the present and the future are distinct enough, and afford us the most ample and best battle-field for the approaching contest.

Universal amnesty and suffrage; the preservation of the rights of the States as guaranteed by the letter and true spirit of the Constitution, once held so sacred; the preservation of individual liberty; the inviolability of the right of the habeas corpus; the maintenance of the relative powers of the three great branches of the general government; strict economy in the administration of the government; the relief of the business interests of the country from the ruinous pressure of all unequal, ill-arranged, and unnecessary burdens; these constitute some of the main issues upon which we may confidently hope to rest our chances of success.

The German Democracy.

[From the S. F. Examiner, July 28.]

A splendid meeting of the German Democracy was held last evening in Mozart Hall, which was crowded to its utmost capacity. The meeting was called to order by Mr. Heller, who briefly stated the object of the meeting, to wit: the endorsing of the nominees of the Democratic State Convention.

Henry Winkle, ex-Supervisor, was nominated Chairman, and the following named gentlemen were nominated Vice-Presidents:

Messrs. Jacob Gundlach, Isaac Friedlander, M. Heller, John Kelle, Dr. Carl Precht, W. Girzikowsky, I. Wormser, L. Werthemier, T. Phillips, H. Shulde, H. Dorsh, A. Jacoby, and A. Himmelman. P. Mahler and P. Sanders were nominated Secretaries. The following resolutions were then read and adopted:

Resolved, That we heartily endorse the platform of principles adopted at the Democratic Convention held in the city of Sacramento on the 20th of June last.

Resolved, further, That we most heartily and cordially endorse the State ticket presented to the people by the Convention; and believing honest men the safest public servants, we pledge our earnest support to the end that said ticket shall be triumphantly elected.

Resolved, further, That in H. H. Haight we feel secure against all schemes of fraud and plunder, and with him for Governor know that every citizen may prosper according to his industry and toil.

Resolved, further, That it is our honest conviction that the European immigrant has only found one friendly political organization on landing on the shores of the United States, and that organization is the Democratic Party—the champion of religious liberty—the friend of the laboring masses—the friend of equal rights—the supporter of justice, and the defender of just and humane laws.

Resolved, further, That the recent legislation of Congress, for the suppression of a portion of the American people, we indignantly condemn as subversive of the Constitution, tyrannical, cruel and inhuman, and deserving the execration of all honest men.

Resolved, further, That the unequal operation of the present unequal and unjust tariff laws must be charged to the account of the Republican party; and as the whole system of protection and favoritism is one of robbery and plunder, all honest men should join in an effort for its overthrow.

Resolved, further, That the recent attempts of some of the Republican papers to draw the German Democrats of California from their allegiance to their party, by the constant parading of articles on religious and foreign political questions, have been fully understood by us, and as fully condemned.

Dr. Holland was introduced to the assemblage and received with much enthusiasm. His speech, delivered in German, seemed to harmonize with the sentiments entertained by the audience. After expressing the pleasure he experienced at seeing so large a number assembled on such short notice, he proceeded to his address. The duties of German citizens in the present struggle were great, and he hoped that they would see the importance of unity in action. The Republican party has been before the people under numerous names, but the Democratic party has never changed its name nor its principles. A good and honest man never had any occasion for changing his name, and the same rule applies to political parties. The Convention at Sacramento, he said, had nominated the best of men, and they would receive the support of every good citizen. He said that no better Governor had ever sat in the gubernatorial chair than Governor Haight, and he was the helmsman who had guided the Ship of State safely through the storm. Under Democratic administration, he said, the people of the State were enjoying religious freedom, which had been denied them when the Republican party was in power. Democrats had reduced the rate of taxation, and the workingmen should return thanks to Governor Haight, for he had always been and still was their friend, as was the Democratic party, which is the friend of the masses. The speaker said he had been told that there were no German Democrats in this city now, but he felt confident that at the next election it would be found that this was a mistake. He said he had been told that Germans would not vote with Democrats because Irishmen belonged to the Democratic party.

Because Irishmen had differed in opinion with the Germans during the late war, and both belonged to the same party, was no reason why they, the Germans, should desert the party. The Irish belonged to the Democratic party, recognizing it as the People's party. It is the party to which every German should belong. He said that he was only astonished at the number of Irish Republicans in this city alone, and read a list of the most prominent Irishmen now holding office, or running for office in the Republican ranks.

The gentleman continued, and said every citizen had a perfect right to work for the interest of either of the great parties; but principles, not passions, should govern men, and he trusted that no animosities would exist between Irishmen and Germans on account of political opinions. The Republican party had violated and trampled upon the Constitution. The most sacred rights guaranteed by that instrument were laughed at. But the Democracy will yet regain power. Then will the Constitution of our country be held sacred as in the days of our fathers. The next President of the United States will be a Democrat, and with that historical event peace and harmony will be restored throughout the length and breadth of the Republic.

The speaker concluded by appealing to every sensible German to support the nominations of the State Convention. He retired amid much applause.

Dr. Johnson, ex-Congressman, was the next speaker. He gave a brief review of the Federal and Whig parties, always the opponents of the workingmen and the Democracy. The Radical party was resuscitated from these dead foes, and was of necessity inimical to the Democratic party. A brief review of the late German war and its causes was given. He also spoke of the course pursued by Governor Haight during his regime, and heartily endorsed it.

SUPERVISOR.

For Supervisor—First District, ROBERT MEGOWAN.

BOOTH.—Newton Booth, the Republican candidate for Governor, is announced to speak his piece in Woodland on the 21st.

BIG MEETING AT SACRAMENTO.—There will be a very large Democratic meeting at Sacramento to-night, which will be addressed by Hon. E. J. Lewis, W. B. C. Brown and other eloquent speakers.

"BRICK" POMEROY.—The late George D. Prentiss, when editor of the *Louisville Journal*, prefixed the word "Brick" to M. M. Pomeroy's name. The title was not, as is generally supposed, first given him by the Radicals.

INDIGNANTLY REFUSED.—We learn from the Sacramento *Democrat* that the Radicals offered Dr. Von Loehr, of the San Francisco *German Democrat*, $50,000 for that paper, to be used in the interests of the Republican party. Dr. Loehr of course indignantly spurned the offer.

ANOTHER GOOD SPEAKER.—Hon. Creed Haymond, of Sacramento, will, before the close of the present canvass, speak to the people of Woodland, Knight's Landing, Buckeye, Davisville, Washington, and perhaps at other points in the county. Due notice will be given of his appointments.

A VALUABLE DOCUMENT.—We refer the readers of the DEMOCRAT to the able speech of Hon. Creed Haymond, which appears on our first page. Figures don't lie when properly placed, and if this be so, we fail to see how our Republican friends can get around the showing made by Mr. Haymond.

THE COMING STATE ELECTIONS.—Kentucky will vote on the first Tuesday in August; Vermont and California the first Tuesday in September; Maine will vote on the second Monday of the same month; Ohio, Pennsylvania, Indiana and Iowa, on the second Tuesday in October, and New York in November.

HAIGHT IN MARYSVILLE.—We see by the *Standard* that there was a rousing Democratic meeting in Marysville, on Thursday night, which was addressed by Governor Haight and others. The Democracy seem to be fully aroused all over the State, and are holding enthusiastic meetings throughout its entire length and breadth.

HARMONIOUS.—The San Francisco Democracy has harmonized all differences heretofore existing in the party in that city and are now thoroughly organized and more firmly united than ever. Tyler Curtis, a very popular gentleman and an excellent business man has been nominated for Mayor "with entire unanimity." When election day comes the Democracy will sweep the city like a whirlwind.

SACRAMENTO DEMOCRACY.—The Democratic mass meeting held in Sacramento on Saturday evening was one of the largest assemblies ever seen in the city. Hon. John R. McConnel presided, and addresses were made by Governor Haight, Attorney General Jo Hamilton and others. The meeting was very enthusiastic and adjourned after eleven o'clock with three cheers for the success of the Democratic ticket.

PERTINENT.—The Santa Clara *Argus* says that Romualdo Pacheco, the candidate on the Radical ticket for Lieut. Governor, is a holdover Senator from the 3rd District, and asks why he does not resign so that his successor may be elected in September? Why not save the expense of a special election? The fact that Pacheco clings to the Senatorship "like grim death to a defiant Ethiopian," is proof positive that his party expects to be defeated in September.

HON. A. P. DUDLEY.—The Santa Clara *Argus* says: "It has been announced that this gentleman will take the stump for the Republican nominees. It is not true. Mr. Dudley has always been a Democrat at heart, and feeling now that he can stand fairly on the platform, he has determined to return to the Democratic fold, and devote his splendid abilities to its success. He, we learn, will take the war path in the Second District, and we expect to see him return from the battle-field with Sargent's scalp dangling at his belt."

RED MEN'S COUNCIL.—In Sacramento last week, at the session of the Grand Council of Red Men, these officers were elected for the ensuing year: Great Sachem, Wm. H. Mills, of Sacramento; Great Senior Sagamore, S. W. Blakely, of Santa Cruz; Great Junior Sagamore, J. P. H. Wentworth, of San Francisco; Great Prophet, Davis Louderback, of San Francisco; Great Chief of Records, J. A. Woodson; Great Keeper of Wampum, Wm. Friel, of San Francisco; Representatives to the U. S. Great Council, W. T. Reilly, C. E. B. Howe and A. H. Dunham, of San Francisco.

DEMOCRATIC MEETINGS.—Hon. A. Comte, Jr., State Senator, and Thomas Laspeyre, Democratic candidate for Clerk of the Supreme Court, will address the people as follows: At Oakland, August 9th; Stockton, 11th; Sacramento, 12th; Woodland, 14th; Marysville, 15th; Oroville, 16th; Chico, 17th. It will be observed that these talented gentlemen will be at Woodland on Monday, August 14th, one week from next Monday, and our citizens will then have an opportunity to listen to their eloquence as they portray the advantages to the people of the Democratic system of government over all others.

THE GREAT DEMOCRATIC MASS MEETING!

THE LARGEST GATHERING EVER ASSEMBLED IN YOLO COUNTY!

FOUR THOUSAND PEOPLE PRESENT!

The Meeting Addressed by Governor Haight, Attorney-General Hamilton, J. D. Hambleton and "Brick" Pomeroy.

GREAT ENTHUSIASM OF THE MASSES!

On Tuesday evening last there was a great outpouring of the Democracy to listen to Governor Haight and Attorney-General Hamilton, who had been announced to speak to the people upon the political issues of the day; M. M. Pomeroy, of New York, better known in California as "Brick" Pomeroy; J. D. Hambleton, Esq., of San Francisco, and other distinguished gentlemen from abroad. The people poured into town from all parts of the county during the afternoon, many farmers and others bringing their families with them. From Sacramento a crowd of fully a thousand came over, bringing with them many ladies, a fine band of music, torches and transparencies. The train of three coaches and nine flats provided with benches and railings, arrived soon after 5 o'clock. A torch-light procession was formed at the railroad, and marched, under the guidance of the Chief Marshal, W. A. Henry, through Main street, countermarching to the grand stand in the College grounds. There were some twenty transparencies in the procession, all bearing mottoes or devices of some kind appropriate to the occasion. The speakers' stand was erected immediately in front of the College door, which gave ample room in front and off the street, there being several acres in the park, for the vast concourse of listeners. Seats had been provided for about fifteen hundred, but they did not accommodate one-half of the immense audience. It is estimated by good judges, and we believe with a close approximation to correctness, that there were fully four thousand people present. The speakers' stand was festooned with the American flag and overhung by a string of transparent lanterns. A large banner bearing the names of "HAIGHT AND LEWIS" was suspended above Main street opposite the grounds, while the flags of all nations were strung from tree to tree in front of the College. Huge bonfires blazed on the street, several patriotic citizens illuminated the fronts of their business houses, cheers resounded with frequent recurrence, and Woodland was indeed alive with jubilant Democracy. The band discoursed patriotic airs from the second story balcony, which added to the pleasure and enthusiasm of the evening. Hundreds of fair ladies graced the occasion with their presence. Farmers, mechanics, merchants, lawyers, old and young, rich and poor, male and female—all were there. We were pleased to notice quite a number of Republicans sprinkled through the great mass, and trust they were benefitted by what they heard. Certainly they were treated with the utmost courtesy, while they listened to some very plain truths from Democratic lips. About a quarter before nine o'clock the meeting was called to order by Hon. Wm. Minis, who after a few general remarks nominated E. Roberts, Esq., Democratic candidate for County Judge, as President of the meeting, who was unanimously elected, and after thanking the audience in very appropriate terms, introduced to the assemblage his Excellency, Governor Henry H. Haight, which was the signal for a tremendous round of cheers.

Governor Haight confined his remarks principally to a review of his administration of the office of Governor during the past four years, showing that when the Republicans surrendered the offices of State to the present incumbents the rate of taxation was $1 18 on each $100; that at the present time the rate was 86½ cents on the $100; that if Democrats were retained in office by the people for the next four years, taxation would be still further reduced. The Governor also showed that the State debt had been reduced during his administration *nearly two million dollars!* that the tide land swindling scheme had been throttled; that thieving railroad and other grasping monopolies had been summarily checked in their subsidy seeking raids; that the State University has been opened to all for free and thorough education; that the Insane Asylum and State Prison were properly managed, etc. We cannot pretend to give all the points his Excellency touched upon, but sum up by stating that he made a most excellent showing—a showing that agrees with what was expected of him when he was elected Governor of California in 1867—a showing which cannot be gainsayed by his enemies, and which will bring him many votes, we doubt not, on election day.

Attorney-General Hamilton was next introduced and made a good-natured speech of an hour's duration, during which he was listened to with wrapt attention. His inimitable style of off-hand oration; his indisputable facts; his pleasing anecdotes; his home thrusts at the Radicals, and the ability of his speeches, make him just the man to canvass the State in company with the Governor.

J. D. Hambleton, Esq., of San Francisco, followed in a clear, comprehensive speech, reviewing pretty thoroughly the Radical party and its corruptions. Mr. Hambleton is a finished orator and pleasant speaker, thoroughly posted upon political questions and parties, and presents his ideas and propositions so that they cannot be misunderstood. It was an able effort and does the gentleman great credit.

It was known to most of those present that M. M. Pomeroy, better known as "Brick" Pomeroy, Editor of the *La Crosse Democrat*, and of *Pomeroy's Democrat*, New York, was in town, and during the evening calls for "Brick" had been quite frequent. Mr. Pomeroy was here as a visitor, not intending to make a speech, but after the last speaker had concluded the demand became irresistable, and M. M. Pomeroy, the veritable "Brick," stepped forward and was greeted with a stunning round of applause. *Pomeroy's Democrat* has been read by hundreds in this county during the last ten years, in the State by many thousands, and through it, Mr. Pomeroy was pretty well known, and those who had read his paper most were the most anxious to see him. He has been known to us all as a man who wrote and spoke his opinions fearlessly all through the reign of terror that was inaugurated at the commencement of the war by the Radical party, and kept up by that party till long after the rebellion had been suppressed, and is even to this day kept up in several States of this Union, to a greater or less extent, by the Administration at Washington. All the threats that were uttered did not deter him from honestly and fairly criticizing the acts of those in official positions, whether civil or military; and those who read his paper knew these things. We should have been pleased to publish Mr. Pomeroy's remarks had we the room to do so, but cannot from lack of space. Though past eleven o'clock, Mr. Pomeroy consented to talk awhile, and gave a review of the Radical party, its manggement of the rebellion, and its mismanagement; told how he had offered his services to the country at the beginning of the war; rehearsed the call for 75,000 men, to put down the rebellion, and that he told them it was not quarter enough; then the call for 100,000 men, for 300,000, and so on; how a commission was tendered him as Colonel of a cavalry regiment, but with such accompanying conditions that he could not accept it—he was *"not to criticise the acts of the Administration!"* Of course the commission was rejected; for how could a man, *who was a man*, and a journalist to boot, accept such a position and "hold his peace," when the ostensible purpose of suppressing the rebellion and restoring the Union was being made a cloak to cover a gigantic system of political scheming and direct robbery of the people unequaled in modern times. The immense cotton swindles; Ben Butler's spoon business; the shipment North, *in coffins*, of the plate, jewelry and other valuables stolen by loyal, so-called officers, from the Southern people—these and many other points were touched upon with a vividness that carried the mind back to the time of their actual occurrence, and impressed the hearer with the facts before stated, that the rebellion, bad as it was in itself, was made use of by unscrupulous and corrupt men to advance their own personal and party interests, regardless of right or wrong. Mr. Pomeroy continued his remarks for over an hour, notwithstanding it was past midnight, and was repeatedly urged to "go on, go on." He closed by saying it was too late to say more to-night, but he would talk to them on another occasion. [It has since been announced that Mr. Pomeroy will deliver a lecture in Washington Hall on Tuesday evening, August 8th, subject—"Success." After the lecture, if the audience so desire, he will talk awhile upon the political questions of the day, "calling things by their right names."]

The meeting then adjourned with cheers for the whole Democratic ticket and for the different speakers. It was in every respect a grand success—the largest gathering ever assembled in Woodland—a demonstration which carried consternation to the hearts of our political opponents—a sure augury of triumph for the Democracy of Yolo county in September next by an overwhelming majority.

Candidate for Supervisor.

Our local ticket is now complete. The Democratic Convention of the First Supervisor District nominated on Saturday last, as the candidate of the party for the important office of Supervisor for this District, Mr. Robert Megowan, of Washington. This is just as it should be. It helps to make a proper distribution of candidates throughout the county, and will add strength to the ticket from that fact. As to Mr. Megowan's fitness for the office of Supervisor, we doubt if a better man could have been selected in all the District. He has the reputation of being a good, thorough business man, strictly upright in all the relations of life, a gentleman in the true sense of the term, and is withal a good, sound, unflinching Democrat. This nomination gives the Democracy a ticket that defies comparison; and it will surely win before the people. Although we now have a majority of the Board of Supervisors, and should still have if Mr. Megowan's opponent, the present incumbent, should be re-elected, we ought to make the Board a unit, politically, for reasons that must be apparent to all. It can be accomplished, and we believe it will be, if proper efforts are made to that end. If the result in the District were considered doubtful before this nomination, we consider the doubts are now set at rest, for it is an excellent one, while, for some reason, the opposing candidate does not seem to be as popular as when last elected. These, with other reasons we might give, warrant us in the belief that we can elect our Supervisor in the First District, and that will give us a pretty sure thing on all the local candidates.

JOHN T. BARRY, DEMOCRATIC CANDIDATE FOR STATE PRINTER.—The *San Luis Obispo Standard* of July 29th has this to say of our popular candidate for State Printer:

We had the pleasure and honor of announcing this gentleman first as a candidate for the office of State Printer, through our paper, the *Democratic Standard*, and our wishes and hopes have been realized—John T. Barry has been nominated. Mr. Barry was one of the proprietors and editor of the San Francisco *Monitor*, until recently, and that paper owes its success to him. He is fully capable to fill the place and should receive the unanimous vote of the party. There is no other gentleman in the State of California that could have been selected who would have added more strength to the ticket. He is a sound Democrat, has lived in California a great many years, and always been a co-worker for the success of our party. He is honest and upright, and no better choice could have been made. As a gentleman of ability, as a writer, he has not his superior, and is an honored citizen and popular wherever he is known. We wish him success. We shall do our best for the party both in our county and State, and shall use all honorable means to have every one of its candidates, especially John T. Barry, run ahead of the ticket.

CHEAP MUSIC.—It is not always that cheapness is associated with merit and real value, but that is certainly the case with *Peters' Musical Monthly*. This valuable work comes to us regularly each month, overflowing with choice new music—some fifteen pieces in every number. It is printed from 36 full-size music-plates, neatly bound, and sells for the modest sum of 50 cents. Volume VIII. began with the July number; and the publisher offers to send two copies—July and August—for 50 cts. Address J. L. Peters, 599 Broadway, New York. Think of it! 30 pieces of music for 50 cents. For any of our subscribers we can procure *Peters' Musical Monthly* for $2 a year.

"SACRAMENTO DEMOCRAT."—This is the name of a new Democratic daily evening paper just issued in Sacramento. The first number appeared on Thursday. The *Democrat* will be furnished to subscribers through the campaign for 50 cents. The first number is very neatly gotten up, and in its contents has the true Democratic ring. Address Democratic Publishing Company, Office corner Third and J. streets, Sacramento.

CAPSIZED.—On Sunday last, Messrs. Machefert and Reindollar were taking a ride in a single covered buggy, and turning a corner at too sharp an angle the buggy was overturned. Fortunately, the horse fell, and no serious damage resulted. Both gentlemen were somewhat stunned and slightly bruised, and the vehicle sustained some damage. Glad it was no worse.

"OUR LAND AND LAND POLICY, NATIONAL AND STATE," is the title of a pamphlet just issued from the press by that able compiler, Henry George. It is complete and exhaustive on the subject of which it treats, and will meet a ready sale. In our next we will give some extracts that will astonish the reader.

THE SOUTHERN COUNTIES.—Hon. A. Comte, Jr., has just returned to Sacramento, after an extended tour through the southern counties, and reports the whole region in a blaze of enthusiasm, from Santa Clara to San Deigo, and the Democratic majorities will be larger than ever before.

BIRDSEYE-VIEW.—We have been presented by the artist who got it up, Mr. Augustus Koch, a well executed Birdseye View of Woodland. It is lithographed and makes a very pretty picture. We learn that copies can be procured at the Postoffice.

TURN VEREIN ENTERTAINMENT.—On Monday evening next, August 7th, the members of the Woodland Turn Verein Society, aided by others, will give a dramatic and musical entertainment at Washington Hall, which we trust will be well patronized.

History of Sacramento.

Sacramento City is, comparatively speaking, a small place, alongside of most of the cities in the United States. Were it not for the indomitable perseverance of its inhabitants, it would long ago have been among the things that were. It has had severe fires, sweeping the whole city out of existence; but only to be rebuilt again. It has been flooded a number of times, destroying hundreds of thousands of dollars worth of property, but still it lives and prospers. It is a well-known fact that it was the perseverance of Sacramento people that built the Central Pacific Railroad. Most all large California enterprises have originated in Sacramento. Many of the largest mercantile houses on this coast obtained their start in this city. It is now proposed to organize a Free Labor Exchange. This is not a local institution, but will benefit not only the whole of this State, but also Oregon and Nevada as well. This Gift Concert has been chosen as the most feasible manner to raise a fund large enough to place the Labor Exchange on a sound basis. The enterprise has been undertaken by some of Sacramento's best citizens, who have the requisite perseverance and nerve to carry it through successfully.

CARRIAGE AND WAGON

MANUFACTORY!

CORNER MAIN AND FOURTH STS.,

Opposite Gas and Water Works,

WOODLAND, CAL.

LIVERYMEN, FARMERS

AND TEAMSTERS

Will find my make of BUGGIES, SPRING and LUMBER WAGONS, the best in any market for their use.

REASONS WHY:

BECAUSE they have as good if not the best reputation at home. Each Wagon is perfect in all its parts.

BECAUSE my prices are as low as the lowest for first-class work.

BECAUSE I can furnish the highest home testimonials as to their durability and lightness of draft.

BECAUSE none but the best and most experienced mechanics are employed in their construction.

BECAUSE they are built upon scientific principles, combining the greatest strength with lightness of draft.

BECAUSE wherever introduced they are generally preferred by Liverymen, Farmers and Freighters.

BECAUSE they are made in a very DRY CLIMATE, and from that fact are far superior for service to those built in more moist or damp parts of the country.

BECAUSE I give rules for taking care of carriages.

First—The carriage-house should be apart from the stable, as the ammonia arising from horse manure will in a very short time destroy the varnish on a carriage, and then the owner ignorantly charges the [illegible] with using inferior varnish. [illegible] carriage maker [illegible].

Second—In washing a buggy cold water should be used freely, so as to remove the dust and mud before using the sponge and chamois skin.

Third—Never turn the hose under or on the seat, for the water will loosen the canvass and glue, and cause the corners to give way and the body to go to pieces.

Fourth—To preserve the wood and save expense, the carriage should be kept thoroughly painted and varnished.

Fifth—I am better prepared than ever, to Paint, Ornament and Varnish Carriages, Wagons, etc. I have in my employ the best of buggy painters, and use none but the best articles of paints, oils and varnishes; the above in connection with my Paint Shop and Varnish Rooms, which are as good if not the best on this Coast, being hard finished and free from dust. I can, and have turned out as smooth, clean and nice finished jobs as can be done in the State.

Sixth—Those wishing to get their buggies, carriages, etc., repaired and painted, will do well to call at my shop and examine my superior advantages over other shops. I am willing to abide by the injunction, "by their works ye shall know them." I am willing that my work shall praise me; I ask no other endorsement. This endorsement I have had in past years; this I expect to merit and maintain in the future.

SUPERVISOR CONVENTION.—The Convention called to meet at Washington on Saturday last for the nomination of a candidate for Supervisor of the First District of Yolo County duly met at the time and place designated and was called to order by Wm. Minis.

Jason Watkins was chosen President and H. B. Pendegast Secretary. On taking the chair Mr. Watkins stated the object of the Convention and called for nominations.

Robert Megowan being the only name proposed, that gentleman was unanimously nominated, and in a stirring speech accepted the nomination.

After three rousing cheers for the nominee the Convention adjourned.

JASON WATKINS, Chairman.

LECTURE BY "BRICK" POMEROY.—In response to a very general request from our citizens, Mr. Pomeroy will deliver a lecture in Washington Hall, Woodland, on Tuesday evening next, August 8th. The subject of the lecture is "Success," and is intended to interest all who would succeed in life. As Mr. Pomeroy began life a poor boy, and has succeeded in climbing the ladder to wealth and fame, and being an excellent speaker withal, there is none more competent to treat the subject chosen. It is distinctly stated that "this lecture is in no wise partisan or political." An admission fee of 50 cents—children half price, will be charged. After the lecture, if the audience so desire, Mr. Pomeroy will talk on the political questions of the day, "using plain words and calling things by their right names." Fortunately, Washington Hall is very large, but it will be none too roomy on this occasion.

DEMOCRATIC MEETING AT CAPAY.—Judge Johnson will hold forth to the citizens of Capay City in a Democratic speech this (Saturday) evening. The Judge is not surpassed by any speaker in the county if by any in the State, and we guarantee that all who hear him will be well paid for their time. Quite a number will go from Woodland and neighborhood to meet with the Democracy of the foothills, who should turn out *en masse* to hear Judge Johnson. He is one of the ablest expounders of Democracy we have in the county—a man who grew up in the Democratic party and has never been anything but a Democrat all his life. Turn out and hear him by all means.

ROUGHS.—On the night of the Democratic mass meeting quite a number of hard cases came out on the excursion train from Sacramento, and made themselves decidedly obnoxious to our citizens, especially to saloon keepers, whom they cheated, stole from, and abused in various ways. An employe of the *Mail* office mixed up with them, and before he got through received a terrible thrashing. The *Mail* says "he knocked down three of the Hoodlums, but they finally overpowered him," They were too far away to interfere with the speaking, or they would doubtless have got more than they bargained for.

DELICIOUS GRAPES.—We are placed under obligations by Mr. Samuel Cripe for a basket of black reno grapes, raised by him in his vineyard two miles south of Woodland, embracing several acres. They are a very fine variety, and said to be an excellent kind for shipment. Some of them have been sent east the present season.

THE COSMOPOLITAN.—You could not buy a better present for your mother, father, sister, brother, sweetheart, cousin, or neighbor-in-law, than a ticket in the enterprise conducted by this society. The tickets are going with great rapidity and in all probability will command a premium before the day of drawing. *

WOMAN REFUSED.—Emily Pitt Stevens applied to the County Clerk of San Francisco to have her name put on the Great Register. As the Clerk reviewed the law he was compelled to refuse her request. It is understood the matter will come before the Courts for satisfactory settlement.

PROLIFIC.—The other day Mr. David Barnes left at our office a couple of branches from a plum tree, each about two feet long, that were literally covered with fruit, so much so that it was impossible to count them. They were from the ranch of Mr. Hugh Hamlin, about six miles southwest of Woodland.

GOOD CROPS.—Mr. George Hebron, two miles east of Woodland, raised a splendid crop of wheat without irrigation the present season. From a field of a little over 27 acres he harvested 809 sacks of 106 pounds each, or an average of 46 bushels to the acre. The wheat was the white Chile club variety.

SERENADE.—A few nights ago we were awakened by a party of serenaders under our window who discoursed strains of sweetest music. We did not get a glimpse at all the musicians, but recognized *our friends* Bentley and Simpson as of the party. Thanks, gentlemen.

PEACHES AND NECTARINES.—From Mr. W. B. Gibson, a mile south of town, we acknowledge the receipt of a branch filled with the largest nectarines we ever saw, and another with a dozen or so of large, luscious peaches, such as are rarely seen in California.

STRANGE.—Mr. F. C. Ruggles exhibited to us the other day, a twig from an apple tree with a ripe apple upon it and a full blown blossom attached to the same twig, close to the stem of the apple.

CHANGE OF OFFICE.—Dr. Thos. Ross has fitted up an office three doors west of the Postoffice, where he may be found during business hours unless professionally engaged.

REMOVAL.—Dr. A. B. Mehring has opened an office two doors west of Porter's Grocery Store. His residence is opposite Mr. Shellhammer's, south of the college.

HONORED.—"Brick" Pomeroy made his first public speech on the Pacific Coast in Woodland.

Capay Valley Correspondence.

CAPAY VALLEY, August 7th, 1871.

EDITOR DEMOCRAT:—Being deprived of the pleasure of making one more of the large number of Democrats who will assemble tonight, and having seen no items in relation to this, one of the best portions of this county, I console myself by communicating with you in spirit and sending you an item through the medium of paper and pencil.

First, the people of this valley are more fortunate than most parts of the county, not excepting the small portion having the facilities for irrigating their lands, and have been blessed with wheat enough for home use and a small surplus for sale, which is daily going to your market.

Secondly, they are determined not again to be caught with short crops, nor, another season, to go to Woodland to buy from importing merchants there, every potatoe, onion, tomato, roasting-ear, etc., that they need, but to take hold of and utilize the natural advantages that they are favored with, and hereafter to be, as it were, independent of rains, in making rich crops, annually, and raising their own vegetables and fruits; and further, to open up new sources of profit from their lands, in cultivating a hundred and one of the different products suitable to the soil and climate of this section, that will pay much better and not impoverish the soil as the regular routine of wheat and barley, barley and wheat, do. In order to accomplish these desired results, it is the intention of the owners of the lands in the Valley to build a ditch, beginning at the north end of the Valley, where Cache Creek debouches from the mountain gorge, and thence conducting the waters of the creek on the highest ground along the foot hills bounding the Valley on the west, and carrying it out to the plains. There are two plans being discussed as to the size and method of construction of this aqueduct. When the one or the other have been decided upon I will give you a description of the favored one.

I have a further consolation for the disappointment of not meeting the Democracy tonight—we will have a meeting of our own on Saturday next, and hope you will all come and see for yourselves what we can do; but all we can do on that evening will not compare with what we will do in September at the ballot box. Democratically Yours, H.

PERSONAL.—We were pleased to receive a call, during the past week, from Dr. Ayer's traveller, who was in our town devoting his time and attention to the preparations of the great medicine man. This call has become a pleasant annual to us from the able and reliable business character of the accomplished gentleman whom the firm send out to transact their business. No house is better known than the well established and popular J. C. Ayer & Co., Lowell, Mass., whose medicines have become a household necessity, and won the confidence and praise of all. Our own acquaintance with them has extended over a series of years, and we have invariably found them, their travelers and their medicines worthy of the commendation they everywhere receive. — *Jackson (Tenn.) Tribune.*

SELLING RAPIDLY.—We learn that the tickets of the San Joaquin Engine Company's Gift Concert are selling rapidly, and that the tags for the drawing are now being prepared at Sacramento. The Concert will certainly take place on the day advertised. *

MIXED.—Posters were distributed early in the week announcing a Republican meeting for Friday evening. The *Mail* on Thursday said the meeting would take place on Tuesday evening. We believe it came off, however, last evening.

MRS. STANTON.—We are requested to mention that Mrs. Elizabeth Cady Stanton will lecture in Central Hall, Woodland, on the 14th of August, of which announcement will be made more fully hereafter.

SCHOOL REPORTS.—The County Superintendent requests that School Trustees send in their annual reports to him at Woodland before Tuesday next.

Physicians recommend the use of Hall's Vegetable Sicilian Hair Renewer to prevent grayness, and to heal eruptions of the scalp.

au5-1t

It is a mark of the unsuccessful man, that he invariably locks the door when the horse has been stolen. This sort of wisdom never thinks about bodily health until it is gone. But just as much as any disease has become seated, the power of the system to resist and throw it off is weakened; hence, time is all important. For dyspepsia, all diseases of the liver, stomach, skin and kidneys, and all that begin in vitiated blood, do not wait until the trouble is confirmed, but attack it by a timely use of DR. WALKER'S CALIFORNIA VINEGAR BITTERS.

Debility and Emaciation.

Both result from the lack of ability to convert the food into nutriment. How necessary, then, for those suffering from these alarming symptoms to immediately resort to a remedy that will strengthen the stomach and digestive organs. For, as soon as this desirable object has been accomplished the health improves, and the patient resumes his usual personal appearance. Hostetter's Stomach Bitters have attained a world-wide popularity in such cases and have proven the best and safest means of removing constipation, toning the stomach, giving energy to the liver, and relieving every symptom of nervousness and depression of spirits. Its cheering and beneficial effects are highly spoken of by thousands, who owe to it their restoration to health. No restorative in the annals of medicine has attained the same popularity in the short space of time it has been before the public, or has won the high endorsements accorded to this excellent tonic. Many other preparations purporting to be correctives and restoratives, have been introduced, and have perished one by one, while the popularity of Hostetter's Stomach Bitters continues to increase, and is now recognized as a standard household medicine. The success which attends the use of the Bitters evinces at once its virtues in all cases of debility and disease of the stomach. Certificates almost without number, have been published, attesting its truly miraculous power in removing those painful and fearful diseases. And at this time it seems idle to do more than call attention to the great remedy of the age, in order to awaken public attention to its excellence. It is the only preparation of the kind that is reliable in all cases, and it is therefore worthy of the consideration of the afflicted. au

THE GREAT BLOOD PURIFIER.

JUDGE S. HEYDENFELDT says: "My attention was called to it about eighteen months ago, when I had been suffering with rheumatism for more than a year, and had failed to find relief from other remedies. The YERBA SANTA relieved me entirely in two days. Some ten or twelve cases of Rheumatism, two cases of Gout and two cases of Neuralgia have been relieved within my immediate knowledge." R. H. SINTON says: "I fully concur with Judge Heydenfeldt in regard to the curative powers of YERBA SANTA. I have myself used it, and take pleasure in recommending its use to those afflicted with Rheumatism in any of its forms." T. J. JENKINS, M. D., (Physician to Butte County Hospital,) says: "I have used YERBA SANTA for some years in my private practice as physician. I have found it invaluable in cases of Chronic Rheumatism, and of much benefit as an alterative Blood PURIFIER and tonic." FRANK MATHEWS, of Oroville, says: "Some years since, I was a martyr to Rheumatism, crippled in hands and feet, unable to move except with crutches, at all times suffering great pain. I was induced to try YERBA SANTA. I soon experienced great benefit from its use. I am at the present time and in strong health by, I attribute mend all who are afflicted as I was to try it." CHAS. WALDNER, of Cherokee, Butte county, states: "For many years a sufferer from Rheumatism in its most painful type I sought relief in vain until I was induced to try the YERBA SANTA, which I found perfect restoration to health. I have recommended it to my many friends, and in all cases a perfect, a speedy cure was the result of its use." J. R. ROBERTS, of San Francisco, says: "I had for three years been afflicted with the Rheumatism, to such an extent that in all that time I was unable to do any work. I was at last induced to try YERBA SANTA; after using two bottles I was completely cured, and am now as well as I ever was in my life." M. H. DARRACH (County Clerk of Butte county,) says: "I have seen much of the beneficial effects of YERBA SANTA in Scrofula, also in Salt Rheum, Rheumatism and Neuralgic affections. I believe I know of no instance where it has failed to cure." YERBA SANTA completely restores the system when impaired by disease, revives the action of the kidneys, and radically cures scrofula, Salt Rheum and all eruptive and cutaneous diseases. It is PURELY VEGETABLE, being made from an herb indigenous to California. It is therefore peculiarly suitable for use by Females and Children, as a Blood Purifier and Renovator. YERBA SANTA is for sale by all dealers in family medicines.

A PLEA FOR PLEASURE.

He lay so sweetly sleeping on his couch—
My Southron love—
I pounced upon him as some ravenous hawk
Swoops on a dove,
And bent his white throat back and kissed
Under his chin;—
Ah God, if such bliss could but last
I'd risk the sin.
His throat like a pure, spotless dove,
So smooth and white,
I kissed, nor thought on one who claimed
A better right.
And what was she to me, that I
Should bliss forego?
Though I make all I can of life
I'll taste its woe;
So I'll not let a single bliss escape
Or joy go by,
A single moment of sweet sensuousness—
Indeed not I;
But I will steep my soul in every bliss
And sweet delight,
And take my chances that the future state
Sets all things right.
For this I know, and knowing it am wise:
The present's ours,
The future yet is no man's; it belongs
To higher powers.
And since all futures are uncertain things,
Each sense I'll coy,
Lest in the future I look back and mourn
Neglected joy.

EUSEBIA A. MEZGER.

Miscellaneous Items.

NEWTON BOOTH says he has no confidence in eleventh-hour confessions; and the people, for this reason, have no confidence in him or his party on the Chinese question.

THE Oroville *Record* has the following political joke: "It required considerable cheek to make an anti-subsidy platform, place an anti-subsidy candidate as a blind at the head of the ticket and then tail it out with subsidy candidates; but the Republicans found a *Pa-cheek-o*, and were *Green* enough to try it."

A DELEGATE to the Ohio Democratic State Convention, being asked by a famer from the rural districts what this "talk of a new policy on the part of the Democracy meant," replied: "We propose to take the rotton eggs from under the old Democratic hen, upon which she has been setting for the last six years without hatching anything, and give her a lot of fresh eggs out of which to hatch rousing a victory."

AT Washington, on the 25th instant, the testimony of Hon. Thos. Hardeman, ex-member of Congress, at Macon, Georgia, before the Ku-Klux Committee, was very brief. He said he knew of no Ku-Klux organization in his district, and had not heard of its existence there. Instead of colored persons being intimidated at the polls, the colored persons had intimidated white persons and taken posession of the polls.

WHO can mistake the meaning of the preparations the Republican leaders are making for the next Presidential election? They have got a force or Ku-Klux bill which authorizes the President to invade any State at his pleasure, and by declaring martial law, under which the President can plant his cannon against the freedom of any State election. His bayonets have already gleamed around the voting places in New York and Philadelphia.

PENNSYLVANIA, so far as Gen. Grant and the Republican army are concerned, appears to be a hard road to travel. Says *Forney's Press*, dolefully: "The next Legislature will be a most important one. The control of both branches by the Republicans is impossible; a majority in one is indispensable." And this, after the shameful gerrymandering of that State by the Radicals to ensure a Radical Legislature, every time! The people are against them.

THE New York *Sun* announces the following candidates for President of the United States: "Farmers' and Mechanics' candidate, the great and good Horace Greely, of Texas and New York." "Office-holders' candidate, Useless S. Grant, the present-taker." The latter announcement is followed by a list of twenty-seven members of the Grant and Dent families who hold important and lucrative appointments at the hands of the President.

BOOTH and Gorham ought to canvass together in this campaign. The people would have a good opportunity to see the effects of four years reconstruction on the Chinese question. Gorham made his campaign squarely on the Coolie platform, shrieked for the brotherhood of man from every rostrum in the State. Booth is now running on the other tack, taking ground directly against Gorham's pets. But, then, George knows that he does not mean it, having been driven to this dodge to catch votes.

THE Ohio Radical platform speaks in praise of Grant's management of our foreign relations, and don't say a word about how he treats his home relations. He has been decidedly successful with the latter. He not only brought them from obscurity, but gave them fine official positions. Our foreign relations ain't a patching to them; and why the convention should treat with so much disrespect as to not even allude to them, except on the ground that they are "too numerous to mention," is unaccountable.

"SOLANO GRIZZLY" writes to the *Examiner* from Vallejo: "Slavery exists at Vallejo—slavery to the Radical dominion of the Navy Yard—but the most welcome sort of slavery seen here for a long time was that of 2,000 Republicans standing *four hours chained* to the eloquent facts and figures of Governor Haight, Hamilton, Hambleton and Oullahan, as preliminary to their babtismal vow *never again* to desert the good old Andrew Jackson Democracy of these States. 'The Union must and shall be preserved.' A good funeral to carpet-bag oppression awaits the defiles of our sacred Union."

"A GLEAM OF STEEL IN THE BACKGROUND."—The Milwaukee *Sentinel*, a Republican sheet that prefers Grant to Greely for President, states the reason of its choice in language that is the very embodiment of modern sham Republicanism. The *Sentinel* says:

"Which will be our safest leader, the hero of Vicksburg or the farmer of Chappaqua? A gleam of steel in the background will be more reassuring than a field of gourds."

That is from a sham Republican sheet, and represents truly the political idea of modern Republicanism—the gleaming steel in the background. It has made bayonets part of the machinery of popular elections, and has invested the President with power to proclaim the whole land under military rule, substitute military for the civil courts, and govern the country by the bayonet — he alone to be the judge for its necessity. And the party that does all that has the impudence to call itself Republican.—*Placerville Democrat.*

ADDRESS

TO THE

NERVOUS AND DEBILITATED,

Whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering, or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequenty get out of order? Is your urine sometimes thick, milky or flocky, or is it ropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in pergect health, make the man. Did you ever think that those bold, defiant, energetic, persevereing, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart,

How many men, from the effects of excesses, have brought about that state of weakness in Sexual Organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble is scarcely ever suspected, and have used remedies for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Sexual organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness and that of posterity, depends upon prompt use of a reliable remedy.

Being prepared expressly for the above complaints, its Blood Purifying properties are greater than any other preparation of Sarsaparilla. It gives the complexion a clear and healthy color, and restores the patient to a state of health and purity. AN ACT

To provide for the payment of the funded indebtedness of the State of California, and to contract a funded debt for that purpose.

[Approved, April 2, 1870.]

THE PEOPLE OF THE STATE OF CALIFORNIA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. For the purpose of liquidating and providing for the payment of the funded indebtedness of the State of California hereinafter specified, and to lessen the burden of taxation, the Governor of the State, the Controller of State and the Treasurer of State, and their successors in office, shall constitute a Board of Commissioners, to be styled the Loan Commissioners of the State of California, and shall have and exercise the powers and perform the duties hereinafter provided.

Sec. 2. The said Loan Commissioners are hereby authorized to issue and sell not exceeding three millions seven hundred thousand dollars of the bonds of said State, bearing interest at the rate of six per cent. per annum, which interest shall be payable semi-annually, in gold coin, on the second days in January and July in each year, at the office of the Treasurer of State. The principal of said bonds shall be made payable in gold coin within twenty years after the date of their issue, and shall be of such denominations as the said Loan Commissioners shall direct, but not less than five hundred dollars; shall bear the date of their issue, and shall be signed by the said Loan Commissioners, and shall have the seal of the State affixed thereto; and the faith of the State of California is hereby pledged for the payment of said bonds and the interest accruing thereon as herein provided.

Sec. 3. Coupons for the interest shall be attached to each bond so that they may be removed without injury or mutilation to the bond; said coupons, consecutively numbered, shall be signed by the Treasurer of the State.

Sec. 4. Before the sale of any of said bonds the said Loan Commissioners shall cause notices of such sale to be published, for the space of one month in three daily newspapers published in English, one in the City of New York, one in the City of London, in England, and one in the Capital of the State; in and for the space of one month in a daily newspaper published in French, in the City of Paris, in France, and for the space of one month in a daily newspaper published in German, in the City of Frankfort-on-the-Main, in Germany. Such notice shall specify the amount of bonds to be sold, the rate of interest they shall bear, the day and hour of sale, which shall be at the State Capital, and that sealed proposals will be received by the said Loan Commissioners for the purchase of such bonds. Within one month from the expiration of such publication, and on the day and hour named in said notice, the said Loan Commissioners shall open all sealed proposals received by them, and shall award the purchase of said bonds to such bidders as will, in their opinion, make the most advantageous bid for the State; *provided*, that said Loan Commissioners may reject any or all bids, if they deem it to the advantage of the State; and *provided* further, that they may refuse to make any award unless sufficient security shall be furnished by the bidders for the compliance with the terms of their bids; and *provided* further that said bonds shall not be sold at less than ninety-one cents on the dollar, in gold coin, par value.

Sec. 5. It shall be the duty of the Treasurer and Controller of State each to keep a separate record of all bonds sold under the provisions of this Act, showing the number, date, amount and rate of interest of each bond, and to whom the same was issued.

Sec. 6. The sum of one thousand dollars is hereby appropriated out of the General Fund for the payment of the expenses that may be incurred by the Loan Commissioners in having such bonds prepared and said notices published.

Sec. 7. The proceeds of such bonds shall be paid into the State Treasury and shall be applied to the payment of the following bonds, in the order of their issuance:

First—The outstanding bonds issued under the Act entitled an Act to provide for certain equitable claims against the State of California, and to contract a funded debt for that purpose, approved April twenty-eight eighteen hundred and fifty-seven.

Second—The outstanding bonds issued under the Act of eighteen hundred and sixty.

Third—the outstanding soldiers' relief bonds.

Fourth—The outstanding soldiers' bounty bonds.

Sec. 8. All persons having any of the bonds specified in section seven of this Act shall, upon presentation of such bonds to the said Loan Commissioners, be entitled to exchange them at their par value for bonds authorized to be issued under this Act, at the rate of ninety-three cents on the dollar, par value, but no bond shall be issued for a less sum than five hundred dollars, nor for a fractional part of a hundred dollars, but the said Loan Commissioners may issue certificates of such fractional parts not bonded, which said certificate shall be transferable and entitled to be paid out of the proceeds of the sales of any bonds provided for in section seven of this Act. The Loan Commissioners shall cancel each bond so exchanged, and shall indorse on such bond the date on which they received the same, and from whom, the number and amount of the bond issued in exchange therefor, and shall file such bond in the office of the Secretary of State.

Sec. 9. Whenever there shall be in the State Treasury, from the proceeds of the sale of bonds issued under this Act, a sum of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise in two newspapers, printed in English, one in New York and one in the Capital of the State, for two months, which advertisement shall state the amount of money in the treasury applicable to the redemption of bonds, and the number of bonds, numbering therein the order of their issuance, which are redeemable; and three months from the date of the expiration of such advertisement, such bonds, unless sooner paid, shall cease to draw interest, but the money for the redemption of such bonds shall remain in the treasury to pay such bonds whenever presented.

Sec. 10. For the payment within twenty years of the principal and interest of the bonds issued under this Act, the State is and is hereby levied annually, after the bonds have been issued under this Act, such rate of tax on each one hundred dollars of the assessed value of real and personal property in the State, to be computed by the Controller of State on the basis of the assessed value of such property for the preceding year, as shall produce annually, for the first five years, seven per centum of the amount of such bonds issued; for the next ten years thereafter, twelve per centum of the amount of such bonds issued, and thereafter, until all the bonds issued under this Act are paid, fifteen per centum of the amount of such bonds issued. The Controller shall certify the rate of tax thus computed by him to the several County Auditors, and the said Auditors are hereby directed and required to enter such rate on the assessment rolls of their respective counties, in the same manner and with the same effect as is provided by law in relation to other State taxes. Every tax levied under the provisions or authority of this Act is hereby made a lien against the property assessed, which lien shall attach on the first Monday in March in each year, and shall not be satisfied or removed until such tax has been paid. All moneys derived from taxes authorized by the provisions of this section shall be paid into the State treasury, and shall be applied—

First—To the payment of the interest on the bonds issued by the provisions of this Act.

Second—To the payment of the principal of such bonds.

Provided, that all moneys remaining in the State treasury on the third day of January, in each year, for the first five years after the issuance of any bonds under this Act, after all the interest on such bonds then due has been paid, shall be transferred by the Treasurer of State to the General Fund.

Sec. 11. Whenever, on the third day of January or July, in any year, after the expiration of five years from the date of issuance of any bonds under this Act, there remains, after the payment of the interest, as provided in the preceeding section, a surplus of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise, for the space of one month, in one daily newspaper, published in English, in the City of New York, and for one month, in one daily newspaper, published in English, at the State Capital, for sealed proposals, to be opened one month after the expiration of such publication by the Treasurer, in presence of the Governor or Controller, at the State Capitol, for the surrender of bonds issued under this Act, which advertisement shall state the amount of money he has on hand for the purpose of redemption; and they shall accept the lowest proposals, at rates not exceeding par value, as may redeem the greatest amount of bonds, until the amount of cash on hand for the redemption is exausted; *provided*, however, in case a sufficient amount of such bonds shall not be offered, as aforesaid, to exhaust the Sinking Fund to a less amount than *ten* thousand dollars, then it is hereby made the duty of the Treasurer to advertise in two newspapers, one in New York and one at the Capital of this State, for three months, which advertisement shall state the amount in the Sinking Fund, and the number of bonds, numbering them in the order of their issuance, which such fund is set apart to pay and discharge; and if such bond so numbered in such advertisements shall not be presented for payment and cancellation at the expiration of such publications, then such fund shall remain in the treasury to discharge such bonds whenever presented, but they shall draw no interest after the expiration of such publication; before any of said bonds shall be paid, they shall be presented to the Controller, who shall endorse on each bond the amount due thereon, and shall write across the face of each bond the date of its surrender and the name of the person surrendering.

Sec. 12. The Treasurer of State shall keep a full and particular account and record of all his proceedings under this Act, and of the bonds redeemed and surrendered, and he shall transmit to the Governor an abstract of all his proceedings under this Act, with his annual report, to be by the Governor laid before the Legislature; and all books and papers pertaining to the matter provided for in this Act shall at all times be open to the inspection of any party interested, or the Governor or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both.

Sec. 13. It shall be the duty of the Treasurer to pay the interest on said bonds, when the same falls due, out of said interest Fund, if sufficient; and if said fund be not sufficient, then to pay the deficiency out of the General Fund; *provided*, that the Controller of State shall first draw his warrant on the Treasurer, payable to the order of said Treasurer, for the amount of interest money about to become due, which said interest warrant shall be drawn at least one month previous to the maturing of the interest.

Sec. 14. This Act shall take effect sixty days after the next general election, as to all its provisions, except those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, which shall take effect immediately.

Sec. 15. This Act shall be submitted to the people of the State for their ratification, at the next general election, and the qualified electors of this State shall, at said election, on their ballots for State officers, vote for or against this Act; those voting for the same shall write or have printed on their ballots the words, "Refund the Debt—Yes," and those voting against the same shall write or have printed on their ballots the words, "Refund the Debt—No."

Sec. 16. The votes cast for and against this Act shall be counted, returned and cancelled, and declared in the same manner and subject to the same rules as votes cast for the Treasurer of State, and if it appears that a majority of all the votes so cast for or against this law, as aforesaid, are in favor of this Act, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation hereof; but if a majority of the votes so cast are against this Act, then the same shall become void.

Sec. 17. It shall be the duty of the Secretary of State to have this Act published in one newspaper in each judicial district of this State, for three months next preceding the next general election, for which publication no greater allowance shall be made than the rates allowed by law to the State Printer. Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings**, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these TONIC BITTERS display no equal. ☞ Send for a circular.

These are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a special agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, PAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.
